EDUCATION

K.J. Somaiya Institute Of Technology

B.Tech in Electronics and Telecommunication. CGPA 8.52

Sion, Mumbai

2020-2024

EXPERIENCE

Jr. Project Manager

Stealth Technology Limited

Hybrid

Jun 2025-Present

SDE - Frontend

Stealth Technology Limited

Hybrid

Jun 2024-Jun 2025

- Developed and optimized Smart Salem, a visa medical fitness platform for the Dubai Government, focusing on reusable and scalable ReactJS components.
- Contributed to the Five Hotels & Resorts project, building and launching multiple web pages as part of a team.
- Post-launch, the website achieved 50,850 visits in the first month, with a 4-5% MoM growth in traffic.
- Took complete ownership of the Five Hotels & Resorts platform after launch, leading maintenance, bug fixes, and feature enhancements in alignment with requirements.

Software Development Engineer Intern

Mosaic Wellness (Man Matters, Be Bodywise, Little Joys)

Mumbai

Jan 2024-Mar 2024

- Solely conceptualized, designed the UI, and developed a comprehensive web application for uploading blood report, extracting data, and displaying on interface overseeing the entire process from frontend to backend.
- Demonstrated autonomous initiative in crafting a group chat feature by designing and developing custom UI and CometChat SDK, fostering enhanced real-time communication within the app.

Machine Learning Engineer Intern

Mosaic Wellness (Man Matters, Be Bodywise, Little Joys)

Mumbai

Jul 2023-Sep 2023

- Collaborated on enhancing the accuracy of in-house translation and transliteration software through data analysis, algorithm refinement, and model optimization.
 - Contributed to the development of a Generative AI storybook feature for Little Joys App, resulting in a feature that efficiently generates over 1200+ unique stories weekly, significantly enhancing engagement of the app.
 - Singlehandedly developed the frontend of the Contests feature for the Man Matters app, utilized by over 90,000+ unique users and viewed over 4,50,000+ times.
-

NOTEWORTHY PROJECTS

Chip AI: An AI assistant specialized in legal, fitness, therapy and general assistance.

[Check Live](#)

- UI/UX, ReactJS, Generative Pre-trained Transformer, GenAI

Figma Community Website: A website for Friends of Figma to serve their design community.

[Check Live](#)

- UI/UX, Prototyping, User Research, Design System, HTML, CSS, JS

To Doom: Doom Game inspired retro to do app.
