K.J. Somaiya Institute Of Technology   Sion, Mumbai
B.Tech in Electronics and Telecommunication. CGPA 8.52   2020-2024
K.J. Somaiya College Of Science And Commerce   Vidyavihar, Mumbai
HSC Science. 72.92%   2018-2020

EXPERIENCE

Frontend Developer   Mumbai
Stealth Technology Limited   Jun 2024-Present

Software Development Engineer Intern   Mumbai
Mosaic Wellness (Man Matters, Be Bodywise, Little Joys)   Jan 2024-Mar 2024
- Solely conceptualized, designed the UI, and developed a comprehensive web application for uploading blood report, extracting data, and displaying on interface overseeing the entire process from frontend to backend.
- Demonstrated autonomous initiative in crafting a group chat feature by designing and developing custom UI and CometChat SDK, fostering enhanced real-time communication within the app.
- Contributed to refine the user interface of the Second Opinion feature for the Medi Connect app.

Machine Learning Engineer Intern   Mumbai
Mosaic Wellness (Man Matters, Be Bodywise, Little Joys)   Jul 2023-Sep 2023
- Collaborated on enhancing the accuracy of in-house translation and transliteration software through data analysis, algorithm refinement, and model optimization.
- Contributed to the development of a Generative AI storybook feature for Little Joys App, resulting in a feature that efficiently generates over 1200+ unique stories weekly, significantly enhancing engagement of the app.
- Singlehandedly developed the frontend of the Contests feature for the Man Matters app, utilized by over 90,000+ unique users and viewed over 4,50,000+ times.

Web Developer Intern   Remote
VOIS (Vodafone)   Aug 2022-Oct 2022
- Collaborated with a team to create a website based on a problem statement provided by the company.
- Worked closely with the project manager to understand the requirements, design the UI and translate them into functional web pages.
